Welcome to the first AES Users Meeting on the West Coast!

AES participation has grown 350% in the last year, so the AES Team has added a new series of meetings specifically to meet the needs of its user community. We expect to hold several user meetings each year. If you use AES, you should strongly consider coming to these meetings. These meetings will be an opportunity for the AES Team to provide the latest information on the program directly to its users, and will offer a chance for the AES users and the AES Team to discuss the operational aspects of the program.

Discussion topics will include:

- ❑ The latest developments in AES and *AESDirect*
- ❑ Common reporting problems and solutions
- ❑ A Question and Answer exchange
- ❑ And other important topics

The AES users meeting is free and open to all. To RSVP, please call Nan Clark on (301) 457-3787 or e-mail: nannie.m.clark@ccmail.census.gov

If you'd like to submit questions for the Q&A session, please e-mail: leslie.s.albertson@customs.treas.gov or call (703) 921-7470.
